

## "Global SSL Award of Outstanding Achievement"

## **Laureate List (Total 14)**

	1	Prof./Dr. Shuji Nakamura
		(Developer of White LED)
	2	Prof./Dr. Nick Holonyak, Jr.
		(Father of Red LED)
	3	Prof./Dr. Ching Wan Tang
2013		(Father of OLED Lighting)
	4	Dr. George Craford
		(Developer of Yellow LED)
	5	Dr. Jianlin Cao
		(Dr. Cao, the deputy minister of Ministry of Science and Technology of China, is instrumental for SSL movement in China in terms of
		manufacturing as well as LED education & R&D in China.)
2014	014 AIXTRON SE	
	(Мајс	or milestones provided to the LED community by AIXTRON.)
_		Department of Energy (DOE)
		OOE certainly has made huge contributions to promotion and accelerating development of solid state lighting technologies and
	commercialization over recent years.)	

	1	Professor Russell Dupuis
2016		(Pioneer of MOCVD application for LED)
	2	Professor Harald Haas
		(Developer of LiFi)
	1	International Commission on Illumination (CIE)
		(The CIE in the past decade made outstanding scientific contributions to the application of SSL, through published standards, technical
		reports, and scientific conferences.)
2017	2	Madam Ling Wu
		(Mdm. Wu has made exceptional contribution to pushing forward, organizing and implementing the development and application of SSL
		in China. These efforts and achievements have also contributed to the global SSL development and application directly or indirectly.
2018	Abse	ence
	1	Fengyi Jiang (Academician (Chinese Academy of Sciences))
		(Academician Jiang has made significant contribution to the technology development and industrialization development of GaN/Si
2019		LEDs.)
	2	Energy Efficiency Services (EESL) (India)
		(As South Asia's first and foremost energy efficiency leader, EESL enables ecosystems for adoption of responsible energy solutions
		through stakeholder collaboration and innovative market-led approaches.)
	3	Signify NV
		(Signify, as the global leader of in lighting industry, is the world largest provider of LED products, systems and services.)
	1	Emeritus Professor Warren Julian
		(Professor Julian's interests are all matters concerning light and lighting in Australia, the region and internationally. He is active in
2020		promoting lighting education and research in East and South Asia.)
	2	OSRAM
		(OSRAM utilizes the infinite possibilities of light to improve the quality of life for humans. OSRAM's innovations will enable people all
		over the world not only to see better, but also to communicate, travel, work, and live better.)
